## Week 7 Letter

Posted on: Monday, December 2, 2019 11:51:34 PM EST

Dear COUN Students,

Thank you again for your diligence as we wind down the course. We are working on grading your most recently submitted assignments.

### Devotional:

*And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people. Ephesians 6:18*

Our devotional thought this week is linked to a necessity we must focus on as believers – prayer! I attended Liberty University's main campus in Lynchburg, VA for my undergraduate psychology degree. One of the best parts of attending the campus was listening to Dr. Jerry Falwell Sr. during the church and convocation services. Perhaps two of his greatest quotes that he repeated through my four years at LU were regarding prayer. He would remind us the following:

“Nothing of eternal significance is accomplished apart from prayer”

“All failures are prayer failures.”

It was evident that Dr. Falwell modeled this prayer life in the tasks he undertook. From observing this in him, I am still encouraged and challenged today, to pray about all things. Our

God desires to hear from us. What an amazing reality to know that the curtain was indeed ripped in two and thus, all of us, as God's children, have access to Our Father! Let's continue to talk to Him at all the time and regarding all things.

**Due this week:**

- Discussion Board Forum 3
- Career Exploration Paper
- Quiz 7

Finish strong!

## Happy Thanksgiving

Posted on: Thursday, November 28, 2019 12:46:20 AM EST

Happy Thanksgiving to all of you!!

I am grateful for all of you. Thank you again for your hard work both in this class and beyond that, just saying YES to this preparation stage!!

The other day, our five-year-old son was praying for our dinner. He mentioned the expected, "thank you Jesus for our food", and then he added a few new things to his prayer ... "thank you Jesus for our spoons and our cups". We said our amen-s at the end and I smiled as I was reminded that indeed, it is important to thank God for everything - big and small.

*And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people. Ephesians 6:18*

I was encouraged and challenged again to pray about all things. Our God desires to hear from us. What an amazing reality to know that the curtain was indeed ripped in two and thus, all of us, as God's children, have access to Our Father! ## Week 6 Letter

Posted on: Monday, November 25, 2019 11:32:27 PM EST

Ladies and Gentlemen,  
Happy Thanksgiving Week!

You have two more weeks of class!! While the end is in sight, I can also imagine that it is getting even more strenuous with the remaining workload. Please keep working faithfully and diligently as you have to this point. In the event of an emergency or a major 'life-happening', please keep me posted as to where you are. I desire to help, so keep me informed. You have each come so far and I have faith that you can complete this class successfully. The One who calls YOU is faithful and He will do it ...1 Thes 5:24

### Due this week:

- Group Discussion Board Forum (now available)
- Quiz 6

### Devotional:

“For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord.” Romans 8:38-39

These verses continue to find new beginning with the different experiences I encounter in life. When we think of who God is – His power and majesty, and then think about this Mighty God and His boundless love for us, the lenses we view the circumstances we face must be altered by God's love! No wonder the devil tries everything to convince us that we are not loved. This lie has to be fought with faith and trust in God through His word. Yes, we are loved and yes, nothing can separate us from His love. My prayer for you this week is that like Jonathan Edwards, we will “examine carefully and constantly, what that one thing in me is, which causes me in the least to doubt of the love of God; and so direct all my forces against it.” YOU and I are loved with an everlasting love. May we believe in God and His love for us this week!

Brandon and I pray for you all, so feel free to contact us if you have specific requests or needs. May God bless your studies!

Blessings,

#### Fall 2020 – Kosovo

The Liberty University Department of Counselor Education and Family Studies would like to announce an exciting LU Send opportunity in Kosovo for current counseling students in the Professional Counseling, Clinical Mental Health Counseling, Marriage and Family Counseling, and School Counseling programs. This trip will meet the course requirements for both Multicultural Counseling (COUC/CEFS 504) and Integration of Spirituality and Counseling (COUC/CEFS 506). Eligibility includes meeting all prerequisites for both courses. The cost is \$3,400 (in addition to

tuition). Travel is planned for 10 days during September 2020, with exact dates to be announced soon.

The nation of Kosovo is a place where East meets West, and where cultures collide. In the 1990s, historical tensions erupted into an open conflict that led to sectarian and religious warfare, ultimately resulting in the genocide of ethnic (largely Muslim) Albanians. In addition to attending events that educate on the historical trauma experienced by the Kosovar people, students will learn about current efforts toward community development and rebuilding, and will provide support to a national leadership conference organized by local Christian missionaries. Excursions will include hiking in the Balkan Mountains and visiting the local markets and restaurants of Peja, Kosovo.

### **Week 5 Mid-note**

Posted on: Wednesday, November 20, 2019 5:04:17 PM EST

Hello!

I was teaching an intensive, COUN 512 - Group Counseling, earlier this semester. When I teach these classes, I am reminded of the power of God and the power of group process! During class, I was reminded that the many theories we get to apply in the counseling field will yield positive outcomes - in this case, group skills were practiced and several students saw and/or were part of the healing process. All of this was the power of group which I also attribute to the power of God! What a privilege to see the integration of faith and healing! I am delighted that we continue to learn how to integrate our faith to our profession!

We are blessed to serve you. I wish you a blessed Wednesday!

### **Week 5**

Posted on: Monday, November 18, 2019 1:26:22 PM EST

Greetings fellow students!

Week 5 is here and with that comes the realization that we are nearly done. You all have been working hard and I am thankful to be a small part of your journey to become counselors. I hope you enjoyed the Who Am I

paper. I will get those graded in the next day or two and look forward to hearing some of your journey.

As we look to finish up this course and you continue in your education, may I give a quick encouragement for self-care. The need to self-evaluate and seek support is critical in our field. Make sure you are taking time for enjoyment and deepening relationships. God did not design us to live our lives in isolation so reach out to others. Reach out to myself or Dr. Mwendwa as well and let us know how we can pray for each of you more specifically.

This weeks assignments are:

**- The Career Scavenger Hunt**

**- Quiz 5**

Use the scavenger hunt to really learn about the resources you have available to you within career counseling. They are great tools to keep and use with your clients.

Know you are prayed for and reach out with any specific questions.

## **Week 4 Mid-note -- Are we approachable?**

Posted on: Friday, November 15, 2019 8:36:43 AM EST

Dear COUC 522 Team!

In the spring semester, I had the privilege of listening to a doctoral dissertation defense by one of stellar PhD students who lives in the Middle East. Her research involved interviewing refugees - Muslim men. Her results were powerful but one of the most striking elements of hearing about how she conducted her research was how approachable she was in the entire process of engaging her participants! This level of humility, openness, and non-judgment is what allowed these men to share their suffering of being victims of war. I was reminded that as counseling graduate students, we are earning a degree that holds some power and privilege. I pray that we are reminded to remain even more approachable with this gift God has blessed us with (education and experience); that our clients can know that they will find safety in our presence. This is exactly who Christ was while here and remains to all of us! Being God, He remained/remains approachable! I pray that this can be said of us as well!

## Week 4 Letter

Posted on: Monday, November 11, 2019 11:42:56 PM EST

Dear Sisters and Brothers,

Happy 4th Week to you!! Happy Veterans Day! Thank you to those who are part of the military, active or not, both to you individually and to your families as well - thank you for making sacrifices and for your service! May God bless you and your loved one!

Please note that your most recent DBs have been graded by Mr. Waggoner. Pay attention to your comments. Thank you for your hard work!

This week you will take the results from the career instruments and write the “Who am I” paper. Take a look at the rubric and instructions for this assignment. As you put this together, reflect on God’s work in your life. It could be an amazing time of worship and self-reflection.

Isn’t it interesting to think about all the things God has put into your life to form you into the person you are today? Your genes, family, culture, some but not all your experiences etc. were all things that happened to you without your doing. None of us apply prior to our births to determine where we are born or even who are parents or siblings will be. You’ve taken those things and interacted with the world to engage and develop into the person you are today. God’s sovereignty and your will have collided and formed an amazing work

## Week 3

Posted on: Monday, November 4, 2019 11:59:24 AM EST

Class,

How great it is to be with you all and co-teaching with Dr. Mwendwa! If you get a chance, you can check out my bio in the faculty information tab. I have a pretty diverse background as I am still teaching in aviation, but I love to teach and learn with you all. I'll try not to dive into turbine engine theory with you all. It is exciting to learn with you as we go through this course. Career is something that impacts us all as well as provides perhaps the greatest opportunity for advocacy with our clients.

This weeks assignments include:

- **Discussion Board Forum 2**
- **Career Inventory**
- **Quiz 3**

The career inventory is used to help you write your Who Am I self-reflection paper. Knowing ourselves is critical within our field and these assignments can give us great insight. This self-reflection has been growing for myself during my PhD work. I am constantly humbled by how much I don't know. Learning is a lifelong discipline. There is a verse that I have hanging in my counseling office that reminds me of the need to remain humble and learn: Job 38:2 "Who is this that darkens counsel with words without knowledge?" May we all seek to remain diligent to learn about ourselves and those God brings to us.

Please reach out if I can help you in any way or pray for each of you more specifically. I look forward to the next few weeks!

Fall 2020 – Kosovo

The Liberty University Department of Counselor Education and Family Studies would like to announce an exciting LU Send opportunity in Kosovo for current counseling students in the Professional Counseling, Clinical Mental Health Counseling, Marriage and Family Counseling, and School Counseling programs. This trip will meet the course requirements for both Multicultural Counseling (COUC/CEFS 504) and Integration of Spirituality and Counseling (COUC/CEFS 506). Eligibility includes meeting all prerequisites for both courses. The cost is \$3,400 (in addition to tuition). Travel is planned for 10 days during September 2020, with exact dates to be announced soon.

The nation of Kosovo is a place where East meets West, and where cultures collide. In the 1990s, historical tensions erupted into an open conflict that led to sectarian and religious warfare, ultimately resulting in the genocide of ethnic (largely Muslim) Albanians. In addition to attending

events that educate on the historical trauma experienced by the Kosovar people, students will learn about current efforts toward community development and rebuilding, and will provide support to a national leadership conference organized by local Christian missionaries. Excursions will include hiking in the Balkan Mountains and visiting the local markets and restaurants of Peja, Kosovo.

## Week 2 Letter

Posted on: Monday, October 28, 2019 2:18:22 PM EDT

Dear COUC Students,

Great start and congratulations on finishing your first week of class!

From your introduction posts, I am excited to see how the dynamics of this course will be influenced by where you have been in the past and where you currently are in life.

In looking at the class introductions entries, it is a delight to be reminded that God always uses the experiences that He allows in each of our lives. I am curious to see how these rich personal experiences will show up in this class! It is my prayer that we will allow God's power to move in our lives both as we interact with the class material and with our fellow classmates.

**Verse and prayer for the week:** The older I get personally and professionally, I have often found myself asking, since we don't choose who we are born to or our birth places, the time period etc, what else does God have in mind in orchestrating that I BE alive at this time, this generation, this profession, in this [my] community, with these clients? When I contemplate this, I am reminded of the prayer, which is my prayer for us this week, to be like the sons of Issachar...

"...Of the sons of Issachar, men [or women/all counselors] who understood the times, with knowledge of what Israel should do". 1 Chronicles 12:32a

### Due this week:

- Discussion Board Forum 1
- Spiritual Discernment in Counseling Paper
- Quiz 2

I wish you a blessed week and please do not hesitate to contact me if I may answer any questions.

Blessings,

*Joy*

## Welcome to COUC 522!!

Posted on: Thursday, October 17, 2019 11:32:24 AM EDT

Welcome to COUC 522!!

I pray you walk into this new semester refreshed and revitalized. I am excited to see what God does in you this term. I have been reflecting on the true meaning of submission to the Lord and how that may translate to daily living. I have found that if I put aside my own agenda and expectations, while still respecting the priorities in my life, my day is far less stressful and I have a greater peace of what God has accomplished through me in that day. I love the fact that Jesus was so in tuned to our Father that he did nothing apart from Him (John 5:30), therefore he wasted no energy worrying or fretting over things that had no eternal significance.

COUC 522-D55 LUO

God has placed you on this path of higher education for a purpose much greater than you can imagine (Jeremiah 29:11). He has called you and has equipped you and to those He has given He expects much (Luke 12:48), so I pray you do not go into this term taking lightly what God has entrusted you with, intellect and dedication. But also do not allow your own agenda to bog you down, by being overly focused on the end, but instead digest what God has for you while embracing the journey. Do not just see this class as a means to an end, but an opportunity for you to grow in endurance and character (James 1:2-3).

I am praying for you. May God bless you and your family.
